About the Camp

This camp was designed by the top coaches in the country. We focus on in-water instruction on the fundamentals of the game. Fundamental passing, shooting, team and individual defense along with tactical discipline and individual aspects of the game will be discussed. Goalies will work with Genai Kerr on all aspects of protecting the cage. Don't miss this opportunity to work with the top players and coaches in the country

Comments from Prior Camps:

Watching a drill with 4 Olympic water polo players and several college coaches in the water with the kids was an unforgettable experience for every kid at this camp. The thrill for my son of playing with Olympic water polo players was the highlight of our holidays! *Bill O'Connell, Atlanta, Georgia.*

The camp was professionally organized and the setting was wonderful. We can't wait for next year's camp and the next step in Diego's development as a water polo player. *Lou Delgado, Sierra Madre, California*
